SONOS PLAY:1 SPEAKERS CAN
BE PUT IN THE IDEAL PLACE
TO SOUND—AND LOOK—GREAT

FLEXSON FOR PLAY:1

BESPOKE SUPPORT FOR THE SMALLEST SONOS SPEAKER

The SONOS PLAY:1 is the latest superstar speaker in the wireless hi-fi system range, offering amazing performance from its small, but perfect dimensions.

With Flexson's bespoke wall mounts and floorstands, SONOS PLAY:1 speakers can be put in the ideal place to sound – and look – great.

Designed and built in Britain by SONOS users for SONOS users, Flexson PLAY:1 wall mounts and stands are precision engineered to

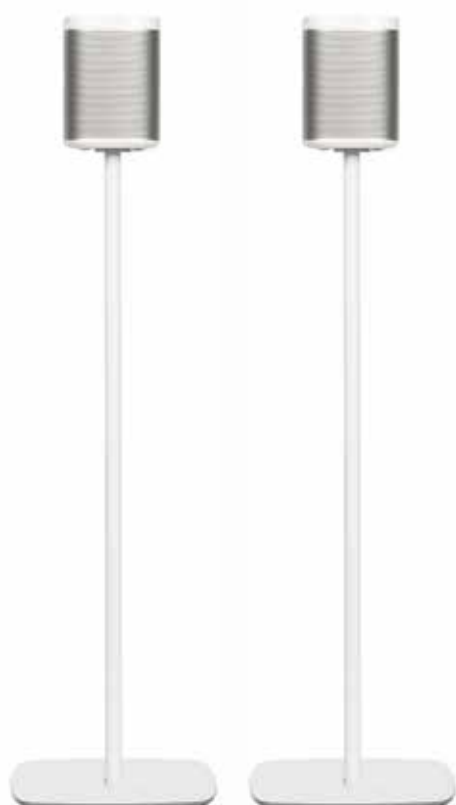

perfectly match the size, style and colours of the new SONOS speaker.

Made from superior-quality steel, like all Flexson SONOS products they allow for neat cable routing, easy fitting and flexible placement.

For example, the Flexson PLAY:1 floorstands have bases designed so they can be slipped under sofas – great if you're using the speakers in a surround sound set-up with a SONOS PLAYBAR and SUB.

FLEXSON FOR PLAY:3

SUPERIOR SUPPORT, HOWEVER YOU USE YOUR SONOS SPEAKERS

The SONOS PLAY:3 is one of the most popular speakers in the wireless hi-fi system range, thanks to its versatility. Our bespoke Flexson PLAY:3 wall mounts and floorstands match and complement this flexibility.

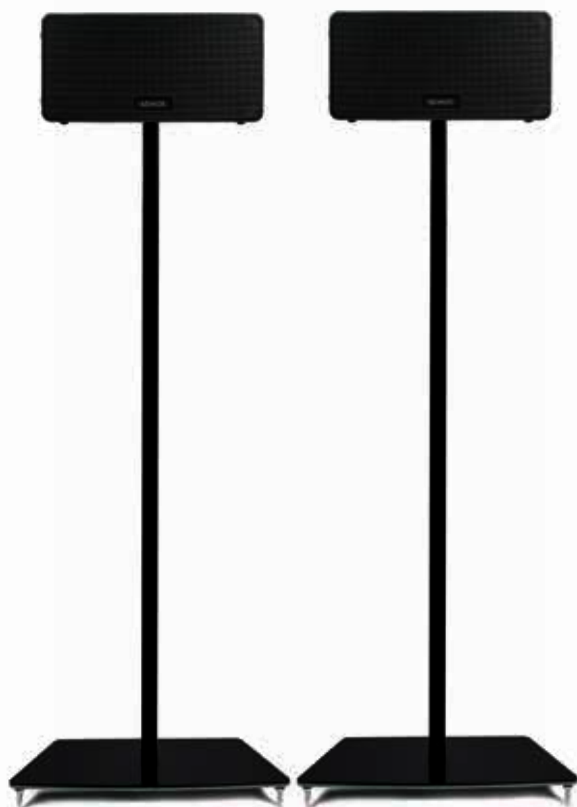

Designed and built in the UK by SONOS users for SONOS users, Flexson PLAY:3 wall mounts and stands are precision engineered to perfectly match the size, style and colours of the SONOS speaker.

Made from superior-quality steel, like all Flexson SONOS products they allow for neat cable routing, easy fitting and flexible placement.

Advanced tilt-and-swivel functionality allows Flexson PLAY:3 products to make the most of the speaker's ability to be used in either vertical or horizontal positions, and in both a music and surround sound context. However you want to enjoy your SONOS PLAY:3, Flexson has the support to suit.

FLEXSON FOR PLAY:5

NEW

FIRM FOUNDATIONS THAT BRING THE PLAY:5 ALIVE

Now you can enjoy the room-filling sound of the SONOS PLAY:5 without it taking up any table space!

Flexson's PLAY:5 wall mount and floorstand are both bespoke built for the big SONOS speaker, and available - just like the PLAY:5 itself – in black and white finishes, for a perfect match.

Made from superior-quality steel, like all Flexson SONOS products the PLAY:5 wall mount and floorstand allows for neat cable routing, easy

fitting and flexible placement – so you can angle that superb sound to play exactly where you want it.

It's also especially important for large speakers to be well supported so you can hear exactly what they're capable of. Flexson helps you get the most from your SONOS speakers by offering them sturdy support and putting them at the ideal listening height for you and your room.

Hear what your PLAY:5 can really do today!

COLOURPLAY

Colour skins for SONOS speakers

Want to add a splash of colour to the basic black and white finish of SONOS PLAY:1, PLAY:3 and PLAY:5 speakers? Then you're ready to ColourPlay!

ColourPlay skins make it easy to match your SONOS speakers to your decor, or to provide a punch of pop colour in any room. The five fabulous ColourPlay shades combine with the two SONOS base colours to offer 10 new looks for each speaker.

Got a nautical theme in your bathroom? A Cobalt Blue ColourPlay skin on a white SONOS PLAY:1 will fit perfectly. Add an Imperial Purple ColourPlay skin to a black PLAY:5 for a dramatic, gothic effect, or

brighten up a dark corner with Sunflower Yellow on white. Candy Pink keeps any SONOS speaker looking sweet, while Racing Red adds excitement.

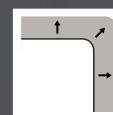

ColourPlay skins are made in Europe from durable vinyl, and precision-cut to perfectly fit each SONOS speaker. They're easy to apply: simply peel the vinyl from the backing sheet, position on your SONOS PLAY speaker and smooth down to fix in place. Want to change colour? The skins peel off without leaving a residue.

Discover more at Flexson.com/ ColourPlay, and look out for our 'How To' video on YouTube.

You 

SOUND THAT MOVES WITH YOUR TV SCREEN – AND AN ACE OF BASS

The SONOS PLAYBAR gives a big boost to your TV and movie viewing, plus bringing you all the SONOS advantages of a world of wireless music, radio and so much more. Such excellence deserves to be heard wherever you want your TV to be, which is precisely what the new Flexson PLAYBAR solution delivers.

Designed to easily fit on to a full-motion (articulated) TV wall mount, it securely holds your PLAYBAR in place while allowing it to move with the screen.

The SONOS SUB adds bags of bass to your music, TV and movies, underpinning the performance of the PLAY speakers and PLAYBAR. But this ace of bass doesn't have to take up floor space: with the Flexson SONOS SUB wall mount, you can lift it above carpets, skirting boards and more, all without affecting its awesome, sound.

Like all Flexson products, the SONOS SUB wall-mount is bespoke built and simple to fit.

AS YOU MOVE YOUR TV SCREEN TO GET THE PERFECT VIEW, THE PLAYBAR MOVES WITH IT TO PROVIDE THE PERFECT SOUND
